

Interactive Voting by using the Congress APP

We are happy to introduce the option to use the interactive voting system to all our speakers. This option give you the chance to engage the audience more in your talk.

To participate in the interactive voting, the audience will need the ESPGHAN 2019 Congress APP

Please consider about 30 sec per question.

Preparation of slides

Please include the question to the audience as a separate slide in your presentation. You can give maximum 6 options to answer the question. The answers should be numbered from 1 – 6.

Kindly also indicate the right answer on the slide.

Hand in your Presentation

We would like to ask you to come to the Speakers' Ready Room to hand in your presentation. Together with our technicians, you can check the slides and make sure that everything runs smoothly.

Wednesday, 5 June	07:00 - 18:00
Thursday, 6 June	06:30 - 18:30
Friday, 7 June	06:30 - 18:00
Saturday, 8 June	07:30 - 12:00

Engage the audience

Make sure to encourage your audience to engage in the voting by using the Congress APP.

Once you arrive at the question slide in your presentation, read the question as well as the answer to the audience. Click on "start voting" in the presentation. Your audience will have 20 seconds to vote. The results will appear automatically after the countdown. Once the answer and trends have been discussed, click "close voting" and go on with your regular presentation.

Thank you very much for your contribution to a successful Annual Meeting!
