ESPGHAN 52nd ANNUAL MEETING

of the European Society for Paediatric Gastroenterology, Hepatology and Nutrition

5–8 June 2019 | www.espgghancongress.org | [@ESPGHANSociety](https://twitter.com/ESPGHANSociety)

Thursday, 06 June 2019

State of the Art Lecture		
		Raanan Shamir (Israel)
09:30	Immune mediated inflammatory diseases: what would Lister do next?	Iain McInnes (United Kingdom)

www.espgghan.org *Programme subject to change; version as of April*

ESPGHAN 52nd ANNUAL MEETING

of the European Society for Paediatric Gastroenterology, Hepatology and Nutrition

5–8 June 2019 | www.espgghancongress.org | [@ESPGHANSociety](https://twitter.com/ESPGHANSociety)

Highest Scoring Abstracts		
10:45	GASTRO: Human RIPK1 deficiency – molecular insights from children with inflammatory bowel disease	Daniel Kotlarz (Germany)
10:55	GASTRO: Contractile segment impedance (CSI) for the diagnosis of gastroesophageal reflux disease during high resolution esophageal manometry: a pediatric study	Taher Omari (Australia)
11:05	HEP: First report of the international registry of congenital porto-systemic shunts	Valérie McLin (Switzerland)
11:15	NUT: Gut microbiome and its metabolic activity in children with intestinal failure dependent on long-term parenteral nutrition	Esther Neelis (The Netherlands)
11:25	GASTRO: Technical outcomes in pediatric ERCP: experience with the multicenter pediatric ERCP database initiative (PEDI)	Dave Troendle (United States)
11:35	HEP: Renal function after liver transplantation at paediatric age: effects of long-term calcineurin inhibitor treatment	C. J. van der Vlist (The Netherlands)
11:45	NUT: Neural pathways activated by formula consumption	Colin Prosser (New Zealand)
11:55	GASTRO: Risk factors for anastomotic strictures in the first year after oesophageal atresia REPAIR: data from a prospective multicentric cohort	Madeleine Aumar (France)

ESPGHAN 52nd ANNUAL MEETING
 of the European Society for Paediatric Gastroenterology, Hepatology and Nutrition

5–8 June 2019 | www.espgghancongress.org | [@ESPGHANSociety](https://twitter.com/ESPGHANSociety)

Keynote Lecture Hepatology		Henkjan Verkade (The Netherlands)
12:15	Reversing liver fibrosis	Detleff Schuppan (Germany)

Glasgow · Scotland

ESPGHAN 52nd ANNUAL MEETING
 of the European Society for Paediatric Gastroenterology, Hepatology and Nutrition

5–8 June 2019 | www.espgghancongress.org | [@ESPGHANSociety](https://twitter.com/ESPGHANSociety)

Parallel Symposium: Monitoring in paediatric IBD		Sally Lawrence (Canada); Patrick van Rheenen (The Netherlands)
14:30	Tight monitoring of disease activity of PIBD in clinical practice	Marina Aloi (Italy)
14:55	Abstract: Pharmacogenetics of anti-TNF therapy in paediatric Crohn's disease and ulcerative colitis. Comparison with adults	Sara Salvador-Martín (Spain)
15:05	Capsule endoscopy or MRE for PIBD?	Dan Turner (Israel)
15:25	The new Crohn's small and large bowel Capsule - new horizons	Salvatore Oliva (Italy)
15:45	Abstract: Pan-enteric capsule endoscopy in pediatric Crohn's Disease – the Ped-Pan study: preliminary results of a multicenter trial	Salvatore Oliva (Italy)
15:55	Abstract: A global prospective observational study in paediatric-onset IBD: the PIBD-SETQuality inception cohort	Martine A. Aardoom (The Netherlands)
16:05	The clinical role of whole exome sequencing outside of VEOIBD setup	Aleixo Muişe (Canada)

Glasgow · Scotland

ESPGHAN 52nd ANNUAL MEETING
of the European Society for Paediatric Gastroenterology, Hepatology and Nutrition

5–8 June 2019 | www.espgghancongress.org | [@ESPGHANSociety](https://twitter.com/ESPGHANSociety)

Parallel Symposium: Dysphagia		Marc Benninga (The Netherlands); Annamaria Staiano (Italy)
14:30	Pharyngeal dysphagia	Nathalie Rommel (Belgium)
14:50	Achalasia	Maartje Singendonk (The Netherlands)
15:10	Abstract: Heller myotomy is more efficient than endoscopic dilatation for treating oesophageal achalasia in children: a retrospective multicentre study	Frédéric Gottrand (France)
15:20	Eosinophilic oesophagitis	Osvaldo Borrelli (United Kingdom)
15:40	Oesophageal atresia	Frédéric Gottrand (France)
16:00	Abstract: Clinical presentation of rumination syndrome in a tertiary/quaternary referral centre: the role of oesophageal high-resolution impedance manometry (HRIM)	Teresa di Chio (United Kingdom)
16:10	GERD: dysphagia from complications and treatment	Michiel Van Wijk (The Netherlands)

ESPGHAN 52nd ANNUAL MEETING
of the European Society for Paediatric Gastroenterology, Hepatology and Nutrition

5–8 June 2019 | www.espgghancongress.org | [@ESPGHANSociety](https://twitter.com/ESPGHANSociety)

Parallel Symposium: The gut-liver axis		Jörg Jahnel (Austria); Girish Gupte (United Kingdom)
14:30	Signaling pathways between liver and gut	Frank Bodewes (The Netherlands)
15:03	Abstract: Long-term follow-up of liver disease in children and young people with cystic fibrosis (CF) in the UK	Line Modin (United Kingdom)
15:13	Management options for sclerosing cholangitis	Etienne Sokal (Belgium)
15:46	Abstract: Evaluation of defensins as markers of gut microbiota disturbances in children with obesity and non-alcoholic fatty liver disease	Aldona Wierzbicka-Rucińska (Poland)
15:56	Gut and hepatic encephalopathy	Debbie L. Shawcross (United Kingdom)

www.espgghan.org Programme subject to change; version as of April 6

Glasgow · Scotland

ESPGHAN 52nd ANNUAL MEETING
of the European Society for Paediatric Gastroenterology, Hepatology and Nutrition

5–8 June 2019 | www.espgghancongress.org | [@ESPGHANSociety](https://twitter.com/ESPGHANSociety)

Parallel Symposium: Nutritional status - monitoring		Koen Huysentruyt (Belgium), Konstantinos Gerasimidis (United Kingdom)
14:30	An update of nutritional screening tools for paediatric patients	Jessie Hulst (Canada)
15:00	Abstract: The interactive effect of prenatal iron deficiency and family economy education on children's motor development in China	Jie Shao (China)
15:10	Abstract: Vitamin D in Brazilian paediatric population from North to South	Marcia Cavichio (Brazil)
15:20	Pitfalls in nutritional assessment in sick or critically ill paediatric patients	Konstantinos Gerasimidis (United Kingdom)
15:50	Abstract: Comparison of Fenton intrauterine growth chart and INTERGROWTH-21 postnatal growth chart to assess growth restriction at birth and discharge in very low birth weight neonates	Susanta Kumar Badatya (India)
16:00	Non-nutritional factors in determining nutritional status in chronic illness	Jarod Wong (United Kingdom)

www.espgghan.org Programme subject to change; version as of April 7

ESPGHAN 52nd ANNUAL MEETING
of the European Society for Paediatric Gastroenterology, Hepatology and Nutrition

5–8 June 2019 | www.espgghancongress.org | [@ESPGHANSociety](https://twitter.com/ESPGHANSociety)

Live Endoscopy		Richard Hansen (United Kingdom); Priya Narula (United Kingdom); Matjaz Homan (Slovenia)
14:30	Live Endoscopy with local cases from Sheffield	
	<i>Further information to be confirmed</i>	
	Assessment and certification of the paediatric endoscopist - where are we now?	Priya Narula (United Kingdom)
	Competency in paediatric Gastrointestinal bleeding endotherapy	Priya Narula (United Kingdom)

www.espgghan.org Programme subject to change; version as of April 8

Glasgow · Scotland

ESPGHAN 52nd ANNUAL MEETING
 of the European Society for Paediatric Gastroenterology, Hepatology and Nutrition

5–8 June 2019 | www.espgghancongress.org | [@ESPGHANSociety](https://twitter.com/ESPGHANSociety)

Parallel Session: Gastroenterology 1		
17:15	Accurate classification of paediatric colonic IBD subtype using random forest machine learning classifier	Jasbir Dhaliwal (Canada)
17:25	Delineating the phenotype of paediatric PSC-IBD using longitudinal data analysis	Amanda Ricciuto (Canada)
17:35	Nationwide incidence and prevalence of paediatric inflammatory bowel disease in Scotland 2015-2017 demonstrates the highest paediatric prevalence rate recorded worldwide	Christopher J. Burgess (United Kingdom)
17:45	The evolving role of biologic therapy in paediatric very early onset inflammatory bowel disease	Eileen Crowley (Canada)
17:55	Disease activity patterns during the first 5 years after diagnosis in children with ulcerative colitis: a population-based study	Marina Aloï (Italy)
18:05	Clock gene disruption may be a causative event in inflammatory bowel disease flares and a target for treatment	Yael Weintraub (Israel)

Glasgow · Scotland

ESPGHAN 52nd ANNUAL MEETING
 of the European Society for Paediatric Gastroenterology, Hepatology and Nutrition

5–8 June 2019 | www.espgghancongress.org | [@ESPGHANSociety](https://twitter.com/ESPGHANSociety)

Clinical Track in Hepatology		
		Karen Murray (United States); Nedim Hadzic (United Kingdom)
17:15	Abnormalities in liver ultrasound: 1. what the radiologist sees	Stéphanie Franchi-Abella (France)
17:30	2. OK and now what?	Piotr Czubkowski (Poland)
17:45	Infections of the liver: a practical approach	Giuseppe Indolfi (Italy)

Glasgow · Scotland

ESPGHAN 52nd ANNUAL MEETING

of the European Society for Paediatric Gastroenterology, Hepatology and Nutrition

5–8 June 2019 | www.espgghancongress.org | [@ESPGHANSociety](https://twitter.com/ESPGHANSociety)

Parallel Session: Gastroenterology 2		
17:15	Automated stool consistency scoring for non-toilet trained children by machine learning algorithms	Thomas Ludwig (Singapore)
17:25	Plasma dosage of ghrelin and leptin related to gastric emptying time and esophageal pH-impedance parameters in obese children and adolescents	Letizia Zenzeri (Italy)
17:35	Protocol adherence and behavior-related artefacts in paediatric high resolution manometry	Marin Leijdekkers (The Netherlands)
17:45	Evaluation of probiotic <i>Lactobacillus reuteri</i> (DSM17938) for treatment of gastro-oesophageal reflux in preterm neonates: a prospective observational study	Girish Deshpande (Australia)
17:55	Fibrostenotic phenotype in patients with eosinophilic esophagitis, is not exclusive of adults	Diana Montoya Villa (Spain)
18:05	The prevalence of lymphocytic oesophagitis and of eosinophilic oesophagitis in children: a 5-year observational study in a tertiary care pediatric center	Aneta Szalacha-Szczur (Poland)

ESPGHAN 52nd ANNUAL MEETING

of the European Society for Paediatric Gastroenterology, Hepatology and Nutrition

5–8 June 2019 | www.espgghancongress.org | [@ESPGHANSociety](https://twitter.com/ESPGHANSociety)

Parallel Session: Nutrition 1		
17:15	Human milk oligosaccharide 2'-fucosyllactose more efficiently modulates immunogenicity during maturation of human dendritic cells in the presence of scGOS/lcFOS prebiotics	Saskia Overbeek (The Netherlands)
17:25	Modulation of 3'SL level in pre-weaning milk impact attention, learning and memory in the adult offspring	Jonas Hauser (Switzerland)
17:35	Maternal secretor status is associated with reduced incidence of respiratory infections in infants in the microbiota and health cohort	Olga Sakwinska (Switzerland)
17:45	Combination of specific pre-and postbiotics in infant formula induces gut barrier maturation closer to mother's milk and supports gut functionality in mice	Mona Mischke (The Netherlands)
17:55	Term infant formula supplemented with bovine milk-derived oligosaccharides shifts stool microbiota closer to that of breastfed infants	Jian Yan (Switzerland)
18:05	Growth in infants with cow's milk protein allergy fed an amino acid-based formula	Yvan Vandenplas (Belgium)

ESPGHAN 52nd ANNUAL MEETING
 of the European Society for Paediatric Gastroenterology, Hepatology and Nutrition

5–8 June 2019 | www.espgghancongress.org |  @ESPGHANSociety

Parallel Symposium: Specialized Endoscopy		Ilse Broekhart (Germany); Prithviral Rao (United Kingdom)
17:15	POEM	Luigi Dall' Oglio
17:35	Abstract: Polyp progression in paediatric patients with familial adenomatous polyposis syndrome - is annual surveillance required - a single center experience	Anele Chukwuemeka (United Kingdom)
17:45	The place of ERCP and EUS in children – who should perform it and why?	Doug Fishman (United Kingdom)
